Speed Action  
On Plans for  
Bond Election

Los Angeles Bond  
Experts Studying  
Plans for Village

With the naming of O'Melveny and Myers, Los Angeles experts in bond counseling, as the attorneys to handle the necessary preliminary arrangements for the proposed bonds for city improvements, the city is now ready to move with fast action on the issue, according to City Attorney Roy Colegate.

There have already been some conferences with the attorneys and a more detailed plan of suggested city improvements will be presented at tomorrow evening's city council meeting.

With the Village's complete issue to consist of many varied projects, such as new fire stations, tree planting, 18-hole golf course, public rest rooms etc., Colegate stated the issue, as finally presented on the ballot, would be broken up into several different divisions so that if some particular portions displease the voters the issue as a whole will not suffer and be rejected—not putting all our eggs in one basket, as it were.

According to council plan, before final action is made to place the items on the ballot, there will be several conferences, forums, with various civic committees and the public at large for as complete a reaction poll as is possible to get.

Ah, Franklin D.  
Had his alphabet.  
His WRA, AAA et cet  
And Harry T.  
Isn't far behind  
Only his three letters  
Aren't so refined.

When Truman went into the presidency he was looking for a new name for the New Deal. He did not find it. He did find good use of the alphabet but all of his little combinations were nice innocent affairs. Not so with Harry. Maybe his choice will make some cry. Make 'em SOB in fact. Anyway, there are no half way measures with Truman. Drew Pearson now knows where he stands. While the expression used by Harry (S. O. B.) may alienate some people, it will attract others who are realists and like a snide called a shovel. Coming down the Drive yesterday a lot of people were commenting on Truman's characterization of Pearson and the vote was 5 to 1 on the side of: "Well, the old boy has some fire. . . Good for him."

NOW TO GET BACK to more refined terminology. . . See where all the meter heads are now here and parking fees will come to a head, too, within a few days. . . People who have been saving up their pennies and nickels for a few moments sojourn next to the curb, will soon be able to stick 'em in the slot. . . With the same results as most slot machines—Nothing will come out. . . Those who are gleefully awaiting a turn will not have long to wait now. The sadists! . . . And Ben Shearer says we'll have those trees planted along the Drive come April. . . Stay through May to see that.

BURT McGOVERN, the big fish and seafood man from Seattle, is back in town after a trip to Washington to see Harry Truman inaugurated. . . He is all burned up. . . EMANCIPATORS.—Barney Hinkle, right, Circus Kangaroo court chairman, and Leo Fields, court judge, are plotting above to emulate the great Abraham Lincoln. They are going to be emancipators, too. They plan to free all of the moths in Village wallets when Kangaroo court sessions begin March 30.

Leo Fields Again to Pound  
Gavel in Kangaroo Courts

There will be a familiar face and quality of wit at the kangaroo courts of the Thirteenth Annual Desert Circus March 30 to April 2. They'll both belong to Leo Fields, former stage star owner, who will be serving in the learned capacity of "kangaroo court judge" for the thirteenth time.

Barney Hinkle, chairman of the kangaroo courts division of the Circus production, announced today that the popular Villager had accepted his traditional jurisdiction duties for the duration of the Thirteenth edition of the circus.

"Micreants" hailed before the kangaroo court jurist in the many former years of the Circus have enjoyed his bright repartee on the assortment of "charges" as most of them ludicrous such as the time a local minister was accused of discouraging travel to Palm Springs by "keeping out the devil"—filed against the winter visitors by the corps of pretty deputy sheriffs.

Revenue from the court, as is the case with all other receipts of the Circus, goes to assist youth and charity agencies of Palm Springs.

Leo Fields is best-known to theater audiences for vaudeville

performances of several years ago. In conjunction with a brother he now operates a string of theaters in the vicinity of Washington, D. C., and also conducts a stage and screen talent school in Los Angeles. He is an inveterate desert resident, showing up here at the earliest suggestion of the traditional winter weather in Palm Springs.

Extensive plans are being laid by Chairman Hinkle for added features of the Kangaroo court section of the Circus. Invitations to participate in its fun-producing sessions have been extended to many famed personages of stage and screen and government as well.

Also additional entertainment acts are planned for the two sessions of the court, the first at the opening luncheon at the Desert Inn on March 30 and the second at Gov. Jimmy Davis' Stables the following day.

Selection of a sheriff for the phony court is expected to be completed within a few days by General Chairman Trav Rogers. The sheriff directs a bevy of bounteous deputy sheriffs in rounding up the "villains" from throughout the village so the austere Judge Fields can separate them from some of their folding money in the name of charity.

Chapter of Sister Kenny  
Foundation Formed Here

At an afternoon tea at the Chi Chi Wednesday, a group of civic and social leaders gathered to form the Palm Springs chapter of the Sister Kenny Foundation which will be included in the southern California chapter.

Chairman for the program locally will be Mrs. Zaddie Bunker with Mrs. Charles Farrell and Mrs. Earle Strebe, co-chairmen. Fred Ingram will act as treasurer. This group will act in conjunction with the officers of the southern California chapter, the late George A. Dockweiler, president, and Rosalind Russell, vice president.

VILLAGE SPONSORS for the program are Rev. Dr. John R. Macartney, Rev. Robert M. Hoagarth, Rev. Michael O'Connor, Mrs. Nellie Coffman, Earl Coffman, Dr. Frank Purcell, Nathan F. Milnor, Frank Morgan, Mrs. Harold Murphy, Oliver Jaynes, Mrs. Lyle Newcomer and Cliff Henderson.

Public Sale of Circus Tickets  
Will Start Next Wednesday

Public sale of tickets to all events of the Desert Circus, March 30 to April 2, will be started on Wednesday, March 2, at the Circus headquarters, 101 North Palm Canyon drive, General Chairman Trav Rogers announced this week.

Beginning last Wednesday and extending for one week, the annual priority sale to members of the Desert Circus Association is being conducted. Letters and ticket orders are in the mail to all members and must be returned within a week.

AT CONCLUSION of this preliminary sale, which is required by laws of the Circus association, the public sale begins. Later is planned to have someone on duty at the ticket booth in the heart of the town to facilitate placing orders.

IT WAS POINTED out that 50 per cent of the funds collected in each community will go towards the foundation and the remainder to be retained in the community for anti-polio work. See FOUNDATION, Page 14

San Franciscan  
Week's Winner

Recent arrival here from San Francisco, and firm believer in "It Pays to Shop in Palm Springs," Mrs. Leonard Schriever, yesterday won the second week award in the Palm Springs Merchants' Silver Dollar Dividend contest. When advised by the representative of The Desert Sun that her slogan had won first prize for the week's period, from a large number of entries, and asked for her sales slips saved for the past 7 days, she sadly stated that she had shopped at several stores during the past week, and had tossed away sales slips from the Palm Springs Drug & Import Co., as well as the Palm Springs Music Co. She was quite favorably impressed with the shopping facilities of Palm Springs, she said, and will save all of her sales slips in the future.

THEY HAVE BEEN checking and double-checking the Plaza Theater seating to arrange for low-price seats so more of the Villagers can attend, and they believe they have found the answer. They will give the schedule of seats in Friday's paper. The Insanities will hold forth at the Plaza three nights, making a total of more than 2500 seats available for the three nights. Two or three of the events are billed at lower prices than last year, and others already in the low-price brackets in 1948 are being kept there this year.

Indian Lands  
Alloted to 27  
In Local Area

Grants Given O. K.  
By Krug; Others Held  
Up by Dispute

Approval of land allotments to 23 members of the Agua Caliente Indians in Palm Springs and four allotments to heirs of deceased Tribe members was announced by Secretary of Interior J. A. Krug yesterday in Washington, according to word to Howard Perdev, local Indian agent.

The allotments were approved by Assistant Secretary William E. Warner upon the recommendation of William Zimmerman, Jr., acting commissioner of Indian Affairs and Walter V. Woehke, special allotting agent and state director of the California Indian Agency. The allotment schedules have been referred to the Bureau of Land Management for the issuance of a trust patent covering each of the 27 allotments. The secretary said that allotments to the remaining 48 members of the band would be made as soon as conflicts between the allotment selections submitted by them have been resolved in accordance with administrative procedures set forth in recently approved supplementary instructions to the special allotting agent.

THE 27 ALLOTMENTS were made out of tribal land in accordance with the acts of Congress of January 12, 1891, as amended by the act of March 2, 1917. Each of them will consist of three parcels of land totalling 47 acres—a 2-acre townsite lot, a 5-acre tract of irrigable land, and a 40-acre tract of dry land.

The allotment of the tribal lands at Palm Springs has been the subject of extensive litigation since 1936, including one decision by the United States supreme court. During the 1920s the Indians vigorously opposed allotment of their tribal lands, and an allotment schedule submitted in 1923 was not approved chiefly for this reason. In 1927 another schedule was submitted with the consent of the Indians. There were objections to this schedule, however, and it was never approved.

IN 1936, the so-called St. Marie suits were brought against the United States to compel issuance of trust patents to certain members of the band. The department opposed the issuance of patents and sought legislation which it believed would provide a better solution to the problem. The government won the St. Marie cases in 1940, but in 1941, a similar case, Arenas vs. United States, was instituted. The government moved for a summary judgment of dismissal on affidavit and on the record of the St. Marie cases. The district court for the southern district of California, granted the motion and was upheld by the circuit court of appeals for the ninth circuit. The supreme court, however, granted certiorari and after review reversed the decision of the circuit court of appeals, and remanded the case for further proceedings in the district court.

Pursuant to this court ruling, the department issued instructions authorizing the selection of an allotment by each living member of the band. The allotment selections recently approved were the first submitted under those instructions. It was pointed out that the department wishes to complete the allotment process as rapidly as possible and expressed the hope that the members of the band who have not yet received allotments would cooperate with the special allotting agent in adjusting conflicts between their respective selections.

After the race Sunday there will be a free western show for seniors plus square dancing. Novelty acts will be produced for the entertainment of children and adults alike.

Parking Meters  
Arrive, Will be  
Collecting Soon

Well, the parking meters are here—all 408 of 'em, according to City Manager William Alworth—and installation will be started Monday or Tuesday when the installing specialists from Los Angeles will be on hand to supervise the work.

So it appears that by about the middle of next week most of the devices will be in place and ready for the consumption of the motorists' nickels.

Park Board Plans to Have  
Trees Planted on Drive,  
Benches Placed, by April 1

Completion of the park board's tree planting and bench installation along Palm Canyon drive by the first of April is the goal of the group, according to Ben Shearer, chairman of the board. With a special committee in charge of these two projects working for fast service on this, a meeting of the group will be held today to arrange for the advertising for bids early next week.

Shearer said the committee had worked very hard on this, and with the help of Charles Woodman, city planning de-

partment, and architects Harry and Stewart Williams and Albert Frey, the plans call for planting in strategic spots along the route commensurate with the surrounding background of architecture rather than a uniform row of trees. "Picket fence style" along the route on Palm Canyon drive between Tamarisk and Ramon road.

The 20 benches provided at last council meeting in conjunction with the tree planting program will be installed simultaneously at strategic positions such as at bus stops and other central spots.

Outside Entries  
Go After Village  
Relay Race Prize

"Probably 12 or 13 starters in the Pony Express ride" said Bill Spalding yesterday of the popular race to be conducted Sunday over a three-mile course, starting on the desert with the finish line at The Stables.

Two of the entries are from out of town—one from San Bernardino and the other from Indio. THE RIDERS will each have four mounts, changing three fourths of a mile apart. The last change will be near the corner of Sprague Way and McCallum Way. Each rider will be out after Red Watson's laurels as winner of the last race which was so successful. In addition to laurels there will be a \$100 purse added to the entry money of \$20 per starter. The pot will be divided with 50 per cent going to the winner, 25 per cent to second place and the other 20 per cent to the third to cross the finish line.

GEORGE RASMUSSEN of Smoke Tree Ranch will be the starter plus square dancing. Novelty acts will be produced for the entertainment of children and adults alike.

Prominent national educators were heard at the session. L. C. Solomon, wanted by police on check charges dating from last year, was arrested in Long Beach Wednesday and held for local police. Officer Harry Hough went to that city yesterday to transport Solomon back here where he will face charges.

Rearrangement of the office layout, too, is quickly noticeable—the old long counter has been saved into sections which are placed nearer the front door to give more floor space for the staff of five regular workers plus desks for four more additional departments to be utilized by volunteer workers.

Application for Unrestricted  
Industrial Zone Meets Strong  
Opposition at First Hearing

County Authorities, Nearby Residents and  
Village Leaders Unite in Fight Against  
Guiberson Appeal for Unlimited Activity

First round in the effort of the S. A. Guiberson White-water cement mill interests to gain a change in zoning of the desert area north of Palm Springs resulted in a major setback for the applicants as adverse recommendations from county departments, strong protests of desert residents and defection of surrounding land owners who had originally supported the plea, marked Wednesday's hearing.

The Guiberson group appeared before the county planning commission in the first hearing on the application which, if granted and later approved by supervisors, would create an unrestricted industrial zone in an 18-mile area surrounding the site of the proposed Guiberson cement mill.

ATTORNEYS for Guiberson appeared considerably dismayed, however, when, at the opening of the hearing in the board of supervisors room in Riverside, County Planner Tyler Suess came up with a counter proposal for a new zone—agricultural recreational, and watershed—and his contention that the area is unsuited for unrestricted industrial development was supported by reports from the county flood control district, the health department and the agricultural department. The zone would embrace 105 square miles.

Then the cement mill proponents suffered another blow as previous supporters began deserting their ranks when it was disclosed by members of the desert protesting group that construction of homes would be prevented in the unrestricted industrial zone sought by Guiberson. Two persons who had signed the supporting petitions telegraphed the commission to remove their names from the petition. Stuart Allen, resident of the area south-east of the cement plant site, told the commission he "isn't sure" he wants to go along with this move, if he would be prevented from building dwellings.

UNDER TERMS of the unrestricted zoning, the area would be used for industrial purposes. See RE-ZONING, Page 14

Corner  
by OLIVER B. JAYNES

URGENTLY NEEDED IMPROVEMENTS to keep pace with the rapid growth of Palm Springs during the past few years have finally been placed before the city council. Practically all of the proposed civic improvements suggested in this column a year ago. There will, of course, be some difference of opinion as to just which projects are needed the most, but there can be no denying that many of them are vital if Palm Springs is to keep its place as one of the outstanding desert resorts of America. The plan submitted to the city council last week by City Manager Alworth included:

An 18-hole municipal golf course.  
Two new fire stations.  
Additions to city buildings.  
Improvements to the Field Club.  
Street improvements: Indian Avenue, McCallum Way and Ramon Rd.  
Centrally located offstreet parking lot.  
City beautification: planting of palms entire length of Palm Canyon Drive.  
Development of portions of Torney property when made available to the city.  
A branch library at the north end of the city.

THE GOLF COURSE, improvement of the Field Club, offstreet parking, a city park and public rest room facilities are needed if we expect to keep our visitors in competition with other resort communities. This will not be looked upon as a recreational area much longer if better facilities are not provided. Housing for city departments is important too, the present quarters being inadequate to the point of gross inefficiency. The city council will study each item in the proposal and decide upon the plan to be submitted to the voters.

There is no way to finance these civic improvements except by a bond issue. They could not possibly be provided from the city's ordinary income. The improvements projects proposed would cost about \$2,000,000. Taxpayers will want to study the plan carefully. They are the ones who will have to pay in the long run. They must consider it a sound investment.

THE PROPOSAL IS TIMELY for several reasons. First of all, being essentially a resort and recreational area, we must provide every inducement we can afford in order to keep pace with other resort communities. Anyone who knows anything at all about Palm Springs cannot help but realize that we MUST make our community more attractive to the vacationist and the winter resident. In the second place, the proposal is timely because of progress being made on the tramway project. We must be prepared for the big increase in visitors that is bound to come with the completion of the tramway.

This is a big problem for our city council. They will have important decisions to make. They should be given suggestions and help—and cooperation. And their services to the city should be appreciated by every resident of the community. It is hoped that they will proceed as rapidly as possible so that a plan can be submitted to the electorate in the near future. Let every man and woman be heard who so desires, particularly the taxpayer. The city council members must then be the judges as to what plan will be submitted to the voters at a regular election. Now is the time for action!

## Raffles' Girl Admits Pair Were Here

Gerard Graham Dennis, slick "Raffles" whose arrest back east last week brought to light the fact that he had probably stolen hundreds of thousands of dollars worth of expensive jewels throughout the country, has definitely been linked to the Village.

Betty Ritchie, said to be the Beverly Hills girl friend of the man termed the greatest gem thief in the annals of crime, is reported to have admitted being in Palm Springs with Dennis on three different occasions, each time within a few days of an actual big-time robbery here. According to Police Chief August Kettmann, there is no way at the present time to connect Dennis with the Doheny robbery without a confession or the finding of a new hideout of more jewelry during that period. Last town during that same time of a car clouting job relieved Actress Fay Bainter of a mink coat plus jewels Dennis was in the vicinity with Miss Ritchie according to her statement.

Chief Kettmann said that the evidence, although circumstantial, is sufficient to warrant a further exhaustive study.

## Miss Hoover Wins Her Cap

Miss Auley Jayne Hoover, daughter of Mr. and Mrs. A. E. Hoover of 987 North Patencia road, was formally accepted into Knappa College of Nursing at the Caping Exercise of the 1951-B Class last week. At that time, Miss Hoover along with 33 other students received her cap indicating that she had successfully completed the first six months of the three year nursing course. The college is associated with the Cottage Hospital in Santa Barbara, California.

## Employers' Group Sets Goal For Membership at 600

Lee Bering, popular restaurateur of the cafe bearing his name, has another job much more important to the people of Palm Springs—he's president of the Palm Springs Employers association, a job he takes most seriously.

Inaugurated in November, 1946, the association now numbers approximately 100 members and in the course of its slightly more than two years of existence has processed and screened in excess of 8000 job applicants. At the present time, according to William H. Brame, active manager of the office, there are approximately 3000 "live" applicants on file.

BRAMAN, assisted in the office work by pretty and personable Mrs. Brame, has been in the Village in his present capacity since September of last year when he left Los Angeles and Long Beach hotel business to accept the present job.

The association itself is a voluntary group of employers who have banded together to set up a code of ethics or standards for Village employees, based on the premise that good personnel become good salesmen for the Village and that careful selection of qualified people for the various openings here will eventually reflect credit upon Palm Springs.

AT THE PRESENT TIME there is a membership of about 100 with approximately 500 more prospective employer-members in the Village area who should belong, according to Bering, whose goal is to obtain nearly 100 per cent during his term as head of the group.

"It is our plan to make this organization one of the strongest in the town before we get through—second only to the chamber of commerce with which we are in complete accord and harmony," said Bering.

"The association has the possibilities of becoming a powerful force in the Village, and the sooner we obtain a full membership of all the prospective firms hiring personnel the more tight-knit a group we will become," he said.

"We have a wonderful working agreement with the unions and they have expressed their desire to cooperate with us to the fullest," he concluded.

## County's Traffic Deaths Increase, State's Decline

Riverside was one of three southland counties to show an increase in traffic deaths in 1948 over 1947, the Automobile Club of Southern California reported this week.

While traffic fatalities in all of southern California declined 12.4 per cent in 1948, Riverside traffic deaths went up 20 per cent.

There were 93 traffic fatalities in the county last year compared to 83 the year before. In all southern California there were 1613 traffic deaths in 1948 and 1840 in 1947.

Of the 13 southland counties, 10 showed a better traffic record. Riverside, Inyo and Santa Barbara were the three showing an increase in fatalities, the club reported.

one man wanted for murder.

WITHOUT THIS SYSTEM these might be working in positions of trust in the Village. Chief Kettmann stated there have been about 4500 fingerprinted and recorded by his department on this program. He further stated there was approximately four per cent of the applicants who, when they found they were required to register at the police station before obtaining employment, had suddenly bowed out and made discreet withdrawals from town, indicating a hesitancy about making any contact with police.

According to the officers in charge of the association there is only one thing more they need and that is a bigger membership. Dues have been adopted by the organization on the basis of one dollar per month per employee which they claim to be about as equitable an arrangement yet devised. All feel it is money well spent and in a short time the board of directors is anticipating a concerted membership drive to drag in the rest of the employers in town who are unaware of the high aims and plans of the association.

"It's for our own protection," said Bering, "and a program that is worth every nickel we put into the plan."

## Hold Your Nose, Today's Burning Day at Dump

The city is sorry but—There'll be smoke in the vicinity of the city dump today. Accumulated rubbish, since February 1, will be burned with the fires lighted during the night. George Minturn, city engineer, said that if wind conditions are normal, the smoke will all be gone by noon today.

## Thousand Palms Fund is Growing

With three big parties back of them, residents of Thousand Palms were mapping plans for the fourth, to be held next Tuesday night at the Desert Moon guest ranch.

The parties are being staged to raise money for a church at Thousand Palms and a lot has been donated by the Shingra-La company for the building. The parties at the ranch have been so successful so far that sponsors of the plan feel success is assured.

## New Members

New members in the Desert Museum the last two weeks are Mr. and Mrs. Denis Biverson, Mr. and Mrs. J. L. Cotton, Mr. and Mrs. R. B. Jackson, Mr. and Mrs. H. F. Johnson, Le Roy Sanders, Mrs. Lloyd N. Simon, Henry Wick, and Mrs. Erskine Wood.

## Girl Scout Show To be Presented At Wonder Palms

First of a series of water ballets to be staged by Palm Springs Girl Scouts in various hotel pools around the Village will be held tomorrow at Wonder Palms hotel, it was announced by Mrs. B. H. Poliak, Girl Scout chairman for the district.

The show is the same one that was given in connection with the Girl Scout aquacade at Biltmore hotel January 30 and was so well received that the girls agreed to

present it at the various hotels. The show is under the direction of Yvonne Canha Kushner who will be at the Wonder Palms tomorrow with her talented Scouts. Esther Magee, manager of the Wonder Palms, has invited the participants to be her guests at the buffet luncheon at noon before the carnival which will be presented at 2:30 p. m. There is no charge for the water show. Following the Wonder Palms show, the girls will present their

carnival at other hotel pools on successive Saturdays.

## Top Leader In 40 and 8 Coming Here

Harold J. Wiley, Detroit, Mich., national head of 40 and 8, American Legion social and fun organization, is due in Palm Springs tomorrow at 10 a. m. with his official party and Volture, 1341, Coachella Valley, has prepared a rousing welcome for the Chief de Chemin de Fer.

Officers and members of the local Volture, which covers the district from Desert Hot Springs to Blythe with headquarters at World Wars Memorial here, will greet Chief Wiley and his party here.

RECEPTION to the national leader is scheduled for 11 a. m. to 12 noon at the Memorial building.

Luncheon at noon will be served in the Auxiliary room with many leading members of the southland 40 and 8 in attendance.

After the luncheon, officers of Volture 1341 will be installed by Wiley. After the installation service, Chief Wiley will be taken on a tour of Palm Springs and later will leave for San Diego where he will be a guest of Volture 527 of that city. O. O. Boyd of Ontario, past Grand Chief of California and chairman of the Distinguished Guest committee for the state, will meet Wiley here to accompany him on his state tour.

## Radio Phones Boost Safety on Santa Fe Lines

In line with its system-wide program to expedite movement of trains wherever possible, Santa Fe Railway has completed installation of very high frequency two-way radio telephone equipment on all freight trains in regular service over the Tehachapi Mountains between Barstow and Bakersfield, it was announced by E. E. McCarty, general manager of the railroad's Coast Lines, in a report received by Jay Rollman, local representative.

McCarty said 25 Diesel locomotives and 11 cabooses have been equipped with transmitting and receiving sets and now are in operation over the third district of the Arizona Division.

This is the first operating district on the Santa Fe system to be completely equipped with radio telephone in regular freight service, he stated.

Installation of the transmitters and receivers was done in the railroad's San Bernardino shops, where similar equipment is being installed in approximately 23 cabooses for use on other segments of the Coast Lines.

Radio telephone is expected to be of assistance in handling freight trains in that it provides constant communication between caboose and locomotive cab, McCarty declared.

## Village Fashions For Blythe Club

Palm Springs western styles went to Blythe a week ago to give the Rotarians of that town an idea of the latest trend in ranch and dude-ranch apparel.

Local models Maxine Williams and Ardis Green displayed the finery supplied by Spalding's western store here, and Wall Spalding, himself, did some modeling of the male fashions besides emceeing the show which was held at the Woman's clubhouse for the Rotary club.

Accompanying the group on the trip was the accordionist from Jimmie Davis' Sunshine Band, Ray Karge, who played the incidental background music during the showing.

IN EXHIBIT HERE—One of the many famous paintings to go on exhibit at Welwood Murray Public Library Sunday is "Limestone Canyon, New Mexico" reproduced above. By Annita Delano, the painting is one of a group recently exhibited in an invitational water color show at Beverly Hills and coming here this week.

## Famous Water Colors Show Opens Sunday at Library

The recent invitational water color show "Southern California in 1948" at the Modern Institute of Art in Beverly Hills, will move to the Welwood Murray Memorial Library in Palm Springs this Sunday, February 27, and will be interestingly presented by Dr. William Bowne, Chairman of the Art Department at UCLA, with a discussion of the work and the artists. The lecture will begin at 8:00 p. m. and is open to the public. Dr. Bowne is one of the outstanding lecturers on art in the country and has a gift for making even the most skeptical layman understand the abstracts.

The show includes the work of many distinguished artists: Clinton Adams, William Bowne, Annita Delano, Jan Stussy, Gordon Nunes, Dorothy Brown, Mary Finley Fry, Michael Fray, Fran Soldini and Richard Haines. The work of several of these artists may be seen in the medium of lithography in the Library's current exhibition. These are with-out exception prize winning artists and with only two exceptions are all members of the California Water Color Society.

"Limestone Canyon, New Mexico," by Annita Delano, hung for several months in the New York Metropolitan Artists for Victory show.

Clinton Adams recently acquired the Pasadena Award of Merit in the 1948 California Water Color Society show. Mr. Adams is recognized as one of

the best of the southern California artists.

Dorothy Brown, currently exhibiting in San Diego in a "one man show" has won high honor with her water colors.

Dr. Bowne, who will lecture Sunday evening, "possesses a humanistic philosophy which makes his paintings seem like a personal experience of the viewer and brings Bowne very close to the understanding of the layman even in his more abstract idea."

One of the curiously exciting aspects of this show is the strong dissimilarity of expression and content. The water colors will be on display at the Library until March 13 and will be the last of the series of exhibitions which the Library has offered the public this season. However, a selection of the best of the art work of the local schools will be exhibited in April.

## Two From County At Sacramento Meet

Supervisor James I. Easley of the fourth district and a Villager, and Bob Fullenwider, county chamber of commerce secretary, were in Sacramento today to confer with legislative committees on legislation affecting county fairs.

Supervisors Monday authorized the attendance of the two county officials at the meetings.

## Bids Mailed Out To Many VIPs By Circus Chief

If even a few of the VIP's to whom special invitations have been directed by General Chairman Tracy Rogers accept the bid to attend the Thirtieth Annual Desert Circus, the event will sparkle with famous names.

Among the very important persons to whom invitations have been mailed are Gov. and Mrs. Earl Warren, Edgar Bergen and Charlie McCarthy, Leo Carrillo, Bob Hope, Roy and Dale Rogers, Jack Benny and many others.

Gov. and Mrs. Warren have tried diligently to arrange their schedule to attend the past two Circus events but legislative meetings have intervened. Hope is held by Chairman Rogers that they can come for this year's show.

## Zone Act Foes In Second Meet

Second meeting of the Riverside County Citizens' Non-Partisan Protective association, organized earlier in the month at Elsinore in an effort to repeal the county-wide zoning ordinance, was held at Banning last week.

Jack D. Norvall, chairman, said meetings are planned throughout the county in the fight against Ordinance 348, the zoning measure, but did not say whether any were planned here or in other Coachella valley cities.

## Pajamas Center Of Brisk Debate At Board Session

Pajamas took up the time of supervisors Monday.

The sleeping garments, worn by patients at the county hospital, came before the board when Supervisors William Jones questioned the statement of Hospital Administrator Dr. Henry Staley and Business Manager

The Desert Sun—3  
PALM SPRINGS, CALIFORNIA  
Friday, February 25, 1949

Mark Henderson that it was cheaper to buy pajamas than to make them.

Hospital heads said it was not—and the fight was on.

Chairman Floyd Gilmore tried to stop the argument but not until Henderson said there was no need for mass production of pajamas and walked out with Dr. Staley, did the argument end.

No official action was taken by supervisors and the pajamas were tabled.

# Exciting Tennis on Schedule Tomorrow and Sunday, Top Stars Compete for Rich Prize

"Some of the greatest tennis ever played in Palm Springs" is the way the matches are described which take place tomorrow and Sunday at the Racquet Club when a host of champions gather for some winner-take-all purses.

## Casaba Tourney May Come Here

The new Palm Springs high school gymnasium may be the scene of next year's Riverside County loop basketball tournament. It was indicated this week when county officials officially rejected a plan for a post-season tournament in Riverside.

Officials decided it was too late and would interfere with baseball and track seasons. Coachella, Palm Springs, Banning, Elsinore and San Jacinto were in favor of the tournament plan this spring but lost out in the decision.

League officials will draw up plans for the tournament at the meeting during Christmas holidays next year and listed Riverside and Palm Springs as possibilities for the site.

## Quarrelsome Queens Quibble

The Queen Contest for Queen of Desert Circus brought forth a howl of protest among the five queen contenders today when it was learned that "Gypsy" the raven-haired contestant was resorting to card-tricks to swing the votes. "Anything goes in this contest," said "Gypsy" covering a sly smile with a fan of cards as a picture was taken while being interviewed by a reporter. Comments from the other queen contenders showed their fighting spirit. "I'll be queen, anyway," said Blondie. "Sez yeah?" quipped Dolly. "Oh, yeah?" smirked Dimples. "x?/ & nuts!" ... was

Dreamy's beginning statement, as the reporter fled from Circus Headquarters.

Interest is growing among local business firms for the honor of sponsoring the mysterious quintette of queen contenders who are still unknown—though well-known. The ballot box at Circus Headquarters is being closely guarded, and votes at five cents each (for the charity fund) should be cast there.

The winning Queen will be crowned at opening-night performance of "Village Insanities" March 30 at the Plaza Theater, for the ensuing four days of Desert Circus.

## Beaumont, Loser To Indians, Wins RCL Hoop Title

Beaumont high defeated Banning 47-38 Monday night to take the Riverside county league title, finishing in a tie with San Jacinto at six games won and one lost but getting the nod of league officials over their rivals because they defeated them in league play.

Palm Springs Indians officially wound up in third place in the loop, one game behind the leaders.

Coach C. E. Ballagh of the Indians was well satisfied with the season. His team was the only one in the loop to defeat the 1949 champions turning the trick on the enemy's floor 46-44.

The final and official standings in the loop:

	P	W	L	Pct
Beaumont	7	6	1	.857
San Jacinto	7	6	1	.857
Palm Springs	7	5	2	.714
Banning	7	3	4	.428
Elsinore	7	2	5	.285
Coachella	7	1	6	.142
Perris	7	0	7	.000

## Bowling Alley Ready to Go

All dressed up with new steel girders, braces and supports and with the alleys sporting a new sheen, the local bowling alley is expected to be ready for strikes and spares Sunday, according to word received yesterday from the manager, Joe Viani.

He said league play will be resumed as soon as the teams have been contacted and reorganized with a possibility of the regular Monday night Desert league starting next Monday.

## Sportsmen to Meet March 2

Palm Springs Sportsmen Inc. will meet next Wednesday in regular session with several important items on the business program.

Warren Heath, president, will be in the chair.

Plans for the annual Fish Fry, scheduled for May 14, will be launched at next week's meeting.

## 8,000 Trout Planted in Lake

Assisted by wardens of Riverside county, a crew from the state division of fish and game planted 8000 trout in Hemet lake last week. The fish came from the Filmore hatchery.

The crew had some difficulty in its operations due to snow which blocked the path of the truck and ice. Holes had to be chopped in the ice to plant the fish.

## Breen and Brown Go to Town

MUSIC MAKERS—Tommy Breen, left and Nacio Herb Brown, Jr., Beverly Hills who are collaborating on the musical score for this year's Insanities indicating another array of tuneful melodies for the 1949 production

Music-makers Tommy Breen and Nacio Herb Brown Jr. of Beverly Hills are collaborating on the musical score for the forthcoming Insanities' production, March 30 at the Plaza Theater.

Brown is the son of the well-known song writer, Nacio Herb Brown, Sr., who composed many familiar tunes, including "Doll Dance," "The Wedding of the Painted Doll," and "Temptation." Formerly appearing at the Bantam Cock in Los Angeles, and with Freddie Martin's Publishing House, Nacio Jr. is already a successful composer in his own right with "Who Put That Dream In Your Eyes" on last year's hit parade calendar. He is now scoring much acclaim with his individually styled piano playing at Lee Bering's.

Breen and Brown in their effective team combination have created several exciting ballads for the Insanities which should set the entire audience to rhythmic clapping and whistling on opening night.

## Dolls Lose Close Contest to Indio In Last Seconds

Another "heartbreaker" was dropped by the Doll House quintet last Monday night as the referee for Indio, at that city, won the game for Indio twice in the final seconds of play 41-40, according to Bob Bennett, P. S. recreational director.

With the Dolls leading 40-39 and a few bare seconds to go, in what should have been a held ball for a jump, the Indio referee (our own was on the other end of the court, hence out of his jurisdiction) called a personal and intentional foul on the Palm Springs man and the Indio man sunk both shots to make it 41-40 for Indio.

Then, to make matters so very much worse, with two or three seconds left, with the ball in possession of the Dolls, Jack Burzell attempted a long shot and made it but the Indio referee again entered the picture by ruling the gun had sounded before the shot had left Burzell's hands.

So, officially, Indio won the game 41-40. Glyn Taylor refed for P. S.

## Palm Desert Sunbeams

By Edith Eddy Ward

Last week-end at Shadow Mountain Club will be long remembered by members and guests as one of the most spectacular events in the history of Palm Desert. Starting at noon Saturday, the Queen of the Date Festival, Winifred Gavin, with her entire court of 14 beautiful girls attired in Arabian costume were guests of the Club at a special luncheon served on the terrace. They were brought from the Fair at Indio by Glenn Gurley, who furnished new Buick convertibles to transport them to the Club.

Another colorful luncheon party was given Saturday by Commander A. W. Scott (Romance of the Highways fame) who brought his guests in a special Greyhound bus.

Floyd B. Odium, president of Atlas Corp., and Mrs. Odium (Jackie Cochran) entertained Saturday night with a gay dinner party for General and Mrs. Hoyt Vandenberg. Guests included Dr. Randolph and Mary Lovelace; Mrs. Madeline Jenkins; Steve Bodde; Mrs. Robert Jackson, wife of the Justice of the Supreme Court of the U. S.; Mrs. Joan Luchs; Miss Viola Strauss; Miss Cecile Edwards; Bruce Odium and Cliff Henderson.

Harold "Dutch" Smith, famous Olympic Champion diver, celebrated his birthday at the Club Saturday night. Helping him to celebrate properly were Mrs. Smith; Mr. and Mrs. Bill Smith (Dutch's brother); Mr. and Mrs. Elmer Glaspie of Vancouver; Mr. Oliver M. Morris, owner of the popular M and M Restaurant at Oceanside, Calif., and yours truly. Mr. Glaspie ordered champagne for the occasion. Mrs. Hilma Lawrence had whipped up a beautiful birthday cake in the kitchen on short notice while the Todds and Michael Barton outdressed themselves in playing "Happy Birthday dear Dutchie."

John G. Munholland, well known Palm Springs realtor, was host at a dinner party Saturday night in honor of the California State Real Estate Commissioner, Mr. D. D. Watson. In the party with the Munhollands and Mr. and Mrs. Watson were Mr. and Mrs. Ray D. Wescott, Deputy Commissioner in charge of southern California Division, Mr. and Mrs. Edwin Wallace, President of the California Real Estate Association; Mr. and Mrs. Eugene Conser, Secretary of the association and Mr. and Mrs. Frank Whitelock, past president. Mr. Wallace stated that there is nothing in the State of California that compares with the Palm Desert project and Shadow Mountain Club.

Ruth Selwyn Warburton gave the outstanding party of the sea-

son at her newly furnished cabana Sunday. The party started at 1:30 p. m. and lasted until dark, with over 100 guests coming and going all afternoon. While enjoying the special buffet luncheon, the guests watched the Fullerton Junior College swimming team perform in a spectacular water show, including diving exhibitions and swimming races. "Dutch" Smith was Master of Ceremonies for the show. Clyde Pangborn, famous flyer, was chief bartender at the little private bar. Cliff Henderson brought the Todds and Michael Barton down from the main dining room to play a few pieces for the guests. Some of the guests included Mr. and Mrs. Palmer Clarkson and their house guests, Mrs. Fran Bliss and Mrs. Daisy Schneekner; Mr. and Mrs. Kenneth Colburn and son, Kay, of Palm Springs; Mr. and Mrs. John Maschig (Connie Moore); Daisy and Paul Lukas; Donald Stralem, New York financier; Mr. and Mrs. George Bobo, who flew in for the occasion from Grove City, Pa.; Oliver M. Morris; Dutch and Vera Smith; Mr. and Mrs. Michael Efferson, here on their honeymoon from Washington, D. C.; Estella and Ed Exar, of the Rancho Mirage; Mrs. William Tevis of San Francisco with her daughter, Sandra; Herb Pritzlaff; Helen Proctor; Mr. and Mrs. Charles Montgomery with Ray Schindler; and the "Racquet Club Andersons."

Lief Erickson (Cliff Henderson's secretary) has finally confessed her reason for rushing to the Post Office twice a day. Those letters she has been getting from South America—as many as four a day—have been leading up to a proposal of marriage from our old friend Nick Crossley. Nick was formerly with the R. P. Shea company in charge of road construction. He built the 20 miles of black-top roads in Palm Desert. Last Fall he left to accept the position of chief engineer in charge of building an earth-filled dam for the Columbian government at Bogota.

Dorothy Dudley, world traveler, entertained her daughter, Mrs. Robert Lionel Muth with her three small sons, Dudley, Rodney and Gregory Muth, at a luncheon and swimming party at the Club.

Mr. and Mrs. Edgar Bergen were at Firecliff luncheon with their friends, Mr. and Mrs. Gardner Cowles, Editor of Look Magazine. Other guests at Firecliff were Mr. and Mrs. William L. Stewart (Union Oil head) and daughter, Margaret; Mr. and Mrs. A. T. Monters and son, Kirk; Mr. Monters represents Hijos Montero Tobacco buyers of Havana, Cuba. Mr. and Mrs. Ben Gage (Esther Williams).

Mrs. Stella Converse of Bel-Air and son, Tony, are spending a few days at the Palm Desert Adobe. Also at the Adobe were Mr. and Mrs. Fred B. Lockwood of Roseburg, Oregon; Mr. and Mrs. E. M. ## Desert Hot Springs

By Dana Howard

Expansion marks the keynote for this week's activities in the little village that health built.

On Saturday, the DHS Builder's Supply held a formal opening of their spacious new building at the corner of West Drive and Pierson boulevard. The need for more building materials means more buildings, and buildings spell growth to the community.

Saturday was also "opening day" for the new Five-and-Ten-Cent store, Palm Drive and Pierson. This well equipped store is to be operated by Frank Prince of Palm Springs. Mrs. Lether Jackson is in charge.

C. H. Donnelly of Marie Ropp's real estate office, is back on the job after seven weeks' illness.

As everyone knows, the phenomenal growth of this little village has been largely due to the discovery of hot mineral waters. DHS is now making a bid for another of Mother Nature's subsurface treasures. H. G. Helsey has been busy for months blocking up acreage for an oil well. A drilling contract has been let for a five thousand foot hole, and the test well will be spudded in as soon as all the property owners have signed the dotted line.

Mr. and Mrs. Will Clayton have taken over the vegetable department at the Gates grocery.

Mrs. Eleanor Okey, an old-timer here has been seriously ill with pneumonia. She is recovering slowly and it will be at least two months before she will be able to resume business activities again.

Suzanne Luce is on her way to the Great Lakes Naval training station in Illinois, where she will start Wave training. Up until a short while ago, resided with her grandmother, Mrs. Charlotte Lemmon at the DHS Trailer Park.

Bet Lamoureux of the Village store and her clever artistry in flower arrangements carried away two prizes at the Indio Date Festival. Her graceful blending of the spectacular Agave (Century plant), the desert trumpet, combined with the grotesque roots of the esthetic smoke tree, created the prize adornment.

Frances McGee, Kay Kiel and Eudora Whisenand of the local auxiliary of the V.F.W. attended

the second district meeting at Anaheim last Sunday. Mrs. McGee was chosen to represent DHS in the presentation of a trophy for having one-hundred per cent renewal memberships.

Anne Mamula, wife of the postmaster, is again in the Palm Springs hospital.

Viola Dinsmore of Blue Heaven Ranch was another victim of the perilous Garnet crossing this week. Her car was badly damaged. With the rapidly growing population on both sides of the wash, this Garnet crossing is becoming a dangerous hazard.

The Herbert Brannon's of the Hollywood movie colony are celebrating their forty-fifth wedding anniversary at the Gurney ranch.

Pauline and Alexander Keller left Friday for Phoenix, Arizona and a week's stay at the Westward Ho.

Eva Franklin is up and about again after a long bout with pneumonia.

The DHS Improvement association entertained with a family-style roast beef dinner Saturday night. Ann Wieglib was in charge.

Clara Reiser of the Beauty Institute of New York, is spending a few days in the sunshine of Mirage Isle. With her is Mrs. Marguerite Gerard. It is Mrs. Reiser's tenth visit to the desert.

Maxine Williams, local human magnificence, gave the Rotarians of Blythe a thrill last Friday night.

## Village Realtor Visits Bay Area

Bunny Steele, Palm Valley realtor last week returned from a business trip to San Francisco where she reports she had one of the most enjoyable side-trips ever accorded her.

During her stay there she was invited to attend a public relations party for travel bureau agents given by Pan American World Airways, high point of which was an evening trip over the bay area to watch the sunset and then to see the bay during full moon in a DC-4 Sleeperette, the plane used by Pan-Am on its Honolulu flights.

On the flight, among many other celebrities in mid air she reports she met Kenneth Radcliffe, former Western Air Lines

representative in Palm Springs who is now directing air traffic for the Alaskan division of Pan-Am.

Miss Steele's host was Dr. Don Jose Ambertine, member of the Rockefeller committee on American-Latin relations who recently visited the Village.

## Trend Swinging To Acreage

John Munholland, local realtor, said this week that people seem to be wanting plenty of elbow room these days and that the wide open spaces are getting popular.

He reported that the trend of inquiries received lately is toward acreage and that several persons expressed an interest in acquiring a "piece of property" in and around Palm Springs.

## Panorama Ranch Progress Rapid

Although Panorama ranch has only recently been introduced to the public, a number of homesites have been sold, several homes are in progress and more are taking shape.

Attention has been given so far to the "Upper Forty acres" which have been subdivided into homesites where sunlight is at its fullest and the panoramic view most effective.

Advanced ideas of contemporary desert architecture are being carried out with a view to develop a harmoniously planned community as well as functional comfort to insure full enjoyment of desert life.

Consideration has now been given to various business enterprises planned along Highway 111, the first among them, "Panorama Market," to be built at the ranch entrance. There is a nearby date garden producing about 150,000 pounds of dates, the choice grades of which will be distributed through Panorama Market. These will be "Panorama Dates" direct from the garden to the consumers and will be advertised nationally.

"We prefer not to talk about the many plans we have for Panorama," says Virginia Gambogi, ranch manager, "until they have materialized. We prefer to

## State RE Officer Would Live Here

State Real Estate Commissioner Dean D. Watson may be a customer of some local realtor in the near future.

He is much in love with the desert area and after a tour of the Village last week end with Ed Wallace, state real estate board president, told local realtors, he planned to come back here to make his home some day. "It's perfect—has everything," he said.

## County Gets Bid

Supervisors Monday considered an invitation from Los Angeles County fair at Pomona that Riverside county be represented at this fall's showing with an exhibit.

keep our announcements until we can give the public something more definite than a promise."

## Dr. J. L. Ohman Opens Offices In Palm Springs

Opening offices at the Palm Springs hotel during the month, Dr. J. L. Ohman, D. C., Ph.C., has now taken over the practice left by the late Dr. W. S. Nourie, who died here recently.

Specializing in manipulative therapy, Dr. Ohman is inventor of the Sacro-pelvic Aligner, equipment especially useful in female therapeutical work.

The doctor and Mrs. Ohman were previously in Glendale where he had attended to the practice of the president of the state chiropractors association for the past four months. Prior to that he had his own private practice in New York City for seven years, having arrived in Gotham shortly after Naziism drove him out of Norway.

Dr. Ohman did a great deal of work in Norway, Sweden and England, having been associated with the Dr. Arbo Institute of Oslo, the Central Institute of Stockholm and several bone-setting clinics in England, working for the most part, in new techniques in bone-setting.

Both Dr. and Mrs. Ohman are greatly pleased with their prospects in Palm Springs since they have "fallen in love" with the Village in just their short stay so far. The doctor, especially, expects to get back into the swing on his golf game since he feels

he has had to neglect it ever where he was amateur champion since coming over from Norway for eight straight years.

## Crusader Choir In City Tonight

Community Church will be host this evening to fifty young people from Downey. This group, called the "Crusader Choir," is coming to Palm Springs to offer a program of music and testimony. Their program will begin at 7:30 and is open to the public.

The Crusader Choir has been heard in many southern California cities and recently provided the special music for the Baptist Young Peoples' convention in Montebello. The choir is under the direction of Joel Allen who is known to many here because of other groups which he has brought to Palm Springs in past years.

**Outdoor Service Proves Popular**

Dr. J. R. Macartney, pastor of Palm Desert Community church will have for his subject next Sunday morning: "Our Life Like a River."

Growing popularity of the Outdoor church where people may sit in their cars was demonstrated last Sunday when 22 cars were counted around the amphitheater for the services. Songbooks were distributed to them in their cars—and also the collection plate.

Many are signing up as charter members of the newest church in the Palm Springs area and Dr. Macartney announced that the first Communion service will be held March 6 at 11 a. m.

An Easter sunrise program is also in the making.

## Wandering About With Marj

By Marjorie Grant Pohl

I Saw:  
The first of the desert wild flower display, which promises to be "sensational" as the movie script writer would say, causing cameras to click like mad in the sand dune country near La Quinta. . . Verbena, first of the wildflowers to bloom, have already carpeted the dunes, and their beauty is daily being recorded by the color film fans—even though only the very first of the blossoms have burst forth as a promise of more beauty to come.

The final day of the Riverside County Fair a la Date Festival at Indio on Tuesday saw many a Palm Springs making a last minute dash to the neighboring town to "oh and ah" over everything from camels to cattle to cars. . . The Hemet exhibit was as FAY BAIN-TER, who we found eating a hot dog in front of husband REGI-NALD VENABLES English car exhibit, so outstanding it made one proud to live in Riverside County. . . Blue ribbons much in evidence at the Desert Garden Date Shop's replica of its Palm Springs store. Here Villagers REED HUBBELL, LEONE INMAN and MARIE BEL-YEA were deep in conversation.

GEORGE HYAM talented young Los Angeles architect and man about town hosting a delightful in the sunshine luncheon by the pool of the Racquet Club. Among his guests DR. and MRS. JOHN COSTELLO, MR. and MRS. OLIVER JAYNES, attractive BETTY BENDER and MR. and MRS. ELLIOT NUGENT, MR. NUGENT is the noted stage and screen director. . . across the pool the NUGENT's cute daughter talking with MRS. PERRY JOHNSON with whom she and GAILIE JOHNSON guested during their Thanksgiving holiday from Annapolis School. . . MARIEDNA BORDEN, lunching with LEWIS COTLOW, the explorer, who we find belongs to not only to Explorer's Club but the Adventurer's as well. We will refer you to him in case you want a definition of the difference between the requirement for membership in the Clubs. . . JOAN CRAWFORD, looking particularly striking with a severe new hairdo watching attorney GREG BAUTZER and JOHNNY FAUNCE do tennis battle. Two fisted South America player PANCHO SEGURA and CHARLIE FARRELL. . . incidentally the \$1000 winner take all match at the Club this week-end should provide some tennis to be remembered.

MR. and MRS. BOB HOPE quietly celebrating their 15th wedding anniversary at the Tennis Club. JOHN and RUTHYN WOOD, the VINCENT MARCOS, MARY LEHMANN, and VAUGHN ANTHONY with them. . . Sunday lunching with MRS. HOMER MCKEE, her granddaughter DIANA CROSS and MR. and MRS. W. R. GROS-CHAN of Santa Monica. MRS. GROSCHAN, the former Virginia Cross, is MRS. MCKEE's daughter. . . LENA ROGERS, who hostesses her annual three day birthday party tomorrow night, lunching with her houseguests MRS. SHELBY YORK and her daughter JAN YORK, fencing champion, who is spending the season with MRS. ROGERS. ROBERT BEASLEY, president of the Beverly Hills National Bank and Trust Company, and H. M. WILSON, vice proxy of the same bank, the luncheon guests of MR. and MRS. AUSTIN MCMAUS.

The first of the Sunday buffets at La Paz guest ranch drew a big crowd for that popular outdoor meal. . . Chicago Attorney RAN-DOLPH BOHRER and MRS. BOHRER were with MR. and MRS. H. J. THURBER (art gallery) also of the windy city. . . There all the way from New Rochelle, New York MR. and MRS. LOUIS BRIZEL, from Beverly Hills MR. and MRS. MANNIE SEFF motion picture writer, MR. and MRS. LEWIS WHITNEY, JR. MR. and MRS. THEODORE TEPPER, the LOU GREENS, and the HERBERT ELLMANS.

MRS. HENRY REID is among hostesses today to a group of friends for the Ben Reig spring fashions showing that is taking place at noon at the Desert Inn. . . Wish they would stop having fashion shows—it does simply awful things to our budget. . . Speaking of fashions the Gay '90s Inn party was really something. MRS. LYLE NEWCOMER and RODERICK BURNHAM walked away with the prizes for the best costumes. ROD's costume consisted of an old fashioned red striped bathing suit AND a big handle bar mustache. . . Among the many parties at the affair was one with the EARLE STREES whose wedding anniversary it was. . . with MR. and MRS. TOM KIELEY, JOE and MOYA HENDERSON, MR. and MRS. HUTCH MOSELEY, EARL and ALICE HOUGH, the JOE OMLINS, MRS. RAY ALFORD and EARL and JANE NEEL.

LARRY OSTROWS' birthday, number thirteen in years, the oc-casion for a family party at the Steak Ranch. Hosted by LARRY's parents MR. and MRS. BARNEY OSTROW, brother JERRY was also on hand to help with eating the birthday cake. . . incidentally the SR. OSTROWS were among those at the wedding of BARBARA FAC-TOR, (daughter of the DAVID FACTORS and granddaughter of the MAX FACTORS) to BILLY HILTON of New York, which was tops in society weddings in Los Angeles this week. BARBARA is the OS-TROWS niece. Another long time Palm Springs AL EPSTEIN also attended the beautiful wedding.

The owner and publisher of the Champaign, Illinois New Gazette MRS. GEORGIA MORRISSEY and MRS. HELEN M. STEVICK also from the Illinois town, requesting their favorite number from JIMMIE DAVIS at the Stables they are staying at the Casa del Vista, whose owners MR. and MRS. DICK ATTERBURY, were with them. . . There the same evening MR. and MRS. GEORGE THORPE of Rochester, New York, taking in Stables doings with MILDRED URBAN formerly of Pittsburgh Pennsylvania and MRS. JACK KRAMER. . . ART and ADELAIDE CUNNINGHAM back again for Hayloft doings with their houseguest MRS. JOHN GRAVATA of Chicago. . . MR. and MRS. MITCHELL HAMILBERG dining with the Villa Hermosa's MR. and MRS. AL MEYER.

The Chi Chi welcomes FELIX MARTINIQUE and SUE STANLEY to their already full entertainment program this week. They have been appearing in Chicago since leaving the Doll House last spring. . . In the Blue Room at the Chi Chi found ANN ROOSEVELT BOETTIGER, daughter of the late President dining with a group of friends. . . later in the cocktail lounge she joined in the hearty laugh that went the rounds on ARTHUR BLAKES impersonation of her Mother, Eleanor Roosevelt. . . had seen her the night before dining completely unrecognized at the Town and Country. . . MR. and MRS. WILLIAM KEIGHLEY (GENEVIEVE TOBIN) hosting a party of friends at the Blue Room.

Eye opener breakfasting at the Town and Country MRS. WAT-SON RULON, MRS. C. S. HENDERSON and MISS GERTRUDE ALLI-SON, all of Washington, D. C. . . MR. and MRS. GEORGE ACKS from Sioux City, Iowa dining with MRS. ARTHUR LEE of Honolulu are staying there. He is the well known author and was a close friend of the late Ernie Pyle. . . Bakersfield's MR. and MRS. R. O. BRANYON lunching with HELEN ALLISON of San Francisco and Villager MRS. GEORGE CLARKE.

The Doll House bulging with Villagers. . . MR. and MRS. ROY COLCATE with MRS. MARTIN ZALUD (Zalud Stock farms). . . MAXINE GEARHARDT dancing with BOB DALEY who is doing the art work for the Village Insanities this year—incidentally hear he will head for Europe and study over there for a year when the season ends this year. . . DR. and MRS. RALPH DUNCAN with ZADDIE BUNKER. . . MR. and MRS. SAMMY SONTAG rhumbaing to the music of the Guadalupe Trio. . . MR. and MRS. FRANK MORGAN of Rancho Mirage and Hilmand a twosome. . . MR. and MRS. GEORGE WHEELER (Villagers) with their attractive daughter. . . MR. and MRS. HINKLE and MILT HICKS with VINCENT SCARI of Seari's in Cata-lina Island. . . MR. and MRS. CARL LYKKE. . . JOHNNY SEA-MANS escorting CONNIE HOWARD. . . MR. and MRS. JAMES HEADLEY of Seattle with MR. and MRS. C. JOHN PORTER and MR. and MRS. PAUL AUST. . . DAVE BARBER composer, and husband of PEGGY LEE, taking over at the drums for a bit of guest artistry. . . MR. and MRS. H. E. WESTON, he designed the Bonoff House at Palm Desert, with M. KUFFERMAN of the Village whose house we gather he is now working on.

Here and there. . . AL JOLSON, wearing his so new mustache, dining at the Dunes. . . songwriter NED WASHINGTON there, ditto DR. and MRS. SCROOGS SINGLETON with DR. and MRS. ## Montgomery Home Scene Of Reception Anniversary Occasion for Merry Affair

Mr. and Mrs. C. B. Montgomery and Mr. and Mrs. Robert Ransom were co-hosts at a delightful cocktail party given Saturday evening at the Montgomery home.

The Montgomerys who are wintering in Palm Springs from their home in Grove City, Penn., have rented the James Hammond house for their desert stay.

Honored by the Ransoms and the Montgomerys were Mr. Ran-son's cousins Mr. and Mrs. Eric Houser of Portland, and the Montgomery's houseguests from Grove City, Mr. and Mrs. George Bobo and Mr. and Mrs. Craig Shira.

Some one hundred and fifty guests were present for the party, much of which took place out of doors in the patio, which had been lighted by strings of gay colored lights.

As a special feature of the evening a western fashion note was added when Western de-signer Marge Riley presented a group of pretty girls wearing the latest in western costumes.

## Princess Honored at Luncheon Affair at John Gallois Home

Mr. and Mrs. John Post flew in from San Francisco last week for a week's visit with Mrs. Post's aunt, Mrs. John Gallois and Mr. Gallois at their beautiful Camino del Monte home. They arrived in time for luncheon honoring Princess Sixte de Bourbon de Parme, aunt of Princess Ann (front page romance with Ex-King Michael last year)

In the party too were Columnist Cobi-na Wright, Clarence Woolley and Jerome Politzer of San Francisco known as the Barney Baruch of the Truman administration. . .

With the town overflowing with important people over the week-end the William Maloufs again proved themselves past-masters at the art of assembling villagers, winter residents and week-end guests into one large convivial party. An art they are equally famous for whether in their own beautiful home or at the Tennis Club.

Sunday evening they especial-ly honored eastern guests, who annually spend the season of the year in Palm Springs, with cocktails in the Lanai room of their home and dinner at the Tennis Club where each Sunday Roy Randolph holds forth as master of ceremonies just for the fun of rhumba contesting. "Put Your Little Foot" and the always popular "Rasph."

Guests were Chicago's Tom Flemings, out for their annual winter-spring visit, the Charles Montgomerys from Grove City, Pa., Mrs. Ward Warner of New York with John H. Forsman, who is president of C. Mr. and Mrs. Stanley Whitworth had as their houseguests over the week end and holiday Mr. and Mrs. Albert Kennedy of Arcadia, their grand-daughter Marty Baumgartner, Scripps student, and Roger Rosbach. Mr. and Mrs. Whitworth are promi-nent new residents in Palm Springs, having recently sold their home in Arcadia and pur-chased the lovely estate at 212 Via Lola, where they will make their permanent home. . .

Youthful members of Los An-geles special set holidaying at the Racquet Club included Margaret Gripman, Dodo and Peggy Lloyd Ross, Larry Tibbetts Jr., Bob Lewis, the Bob Andersons, Vivian Wilkerson and Mr. and Mrs. John Mashio (Constance Moore), Carl Baldwin of Wisconsin and John Hessel. . .

SOCIAL NOTES: Mr. and Mrs. A. Moe Bernhard of Seattle were cocktail hosts at Casa del Camino recently, complimenting Mrs. John Danz on her 60th birthday. Included in the party were Dr. John Danz, husband of the hon-oree, and Miss Frieda Mohr of Los Angeles. . . Another birth-day celebration was that of Mrs. J. L. Lindsey, who with her hus-band Dr. J. L. Lindsey were guests of Mr. and Mrs. Linn Johnson at the Tennis Club. Also in the party were Mr. and Mrs. E. T. Aldworth of Los Angeles. . . Hartje Mueller of Los An-

geles was the guest of Mr. and Mrs. Walter Swaney at Estrella Villas for his birthday. . . Mrs. John McManus and daughter Daphne, Los Angeles, are house-guests of Mrs. J. Powers enter-tained a party of Los Angeles friends that included Mr. and Mrs. Milton Krug, Mr. and Mrs. Dave Mendel, the Burt Kopperis and Miss Marcia Ralston with dinner at Saddle and Sirloin. . . At the same place, same evening, screen actor Richard Hayden. . . ## Freedom on Trial

By Ethel Gillette Whitehorn

American women are natural crusaders. They possess the intuitive power to recognize attacks on principle, honesty, and justice. They never hesitate to campaign vigorously against a public evil, nor do they fail to act promptly for the good. Oftentimes, women are criticized for applying more emotion than intelligence to public and political affairs. Even their own sex participates in these criticisms. The truth is that women crusade directly from the heart, and where the heart is involved, there lies freedom from pretense or deceit.

An illustration of the aptitude of American women to carry on a successful crusade is the historical campaign to win the right to vote. This battle started in 1859. It lasted till 1920 when the 19th Amendment to the Constitution granted nation-wide suffrage to women. Never once during those fifty-one years did the suffragettes fail to keep their objective prominent in the minds of both legislators and the public. The leaders were frequently imprisoned; many of them had recourse to a hunger strike. Today, after almost thirty years of participation in governmental affairs, America's women have proved how right they were to the cudgels in 1859 and fight for principle.

NOW, in this mid-20th century, the women of this nation must open their hearts to a second great crusade which beckons them. This is the battle of FREEDOM OF RELIGION vs. ATHEISM, THE DENIAL OF GOD, PLACES OF ATHEISM have been rare until recently. It flourishes in Soviet Russia and her satellite, enslaved states. Fifty-one years cannot be devoted to the willing of this crusade. . . . Tyranny-ruthless, without tyrannies that strikes at the basic fundamentals of all mankind, strikes with the speed of a rattlesnake. The mentality of mankind can outwit the serpent, when and if it is properly used.

THE PAGES of the Congressional Record are filled with protests from shocked organizations and citizens in all parts of the country, regarding the ruthless trial and the imprisonment of Joseph Cardinal Mindszenty. And now—to his tragic experience—more will be added. For the attack has been extended against

good men of Protestant faiths, Congregationalists, Methodists, Baptists and Lutherans.

WHAT WILL the President do? What will the Congress do? They will ACT when an aroused citizenry demands that this war against religion must be brought to an immediate end. Never have the women of America been given a richer opportunity to prove what they can do in time of stress. Therefore, The Desert Sun of Palm Springs, California, its publisher, Mr. Oliver Jaynes, and this columnist appeal to all National Women's organizations to form and pass resolutions and mail them on the earliest possible date to the President of the United States; to their various Congressional representatives, and to the Governors of States.

Let us not forget this week we Americans are celebrating George Washington's birthday. It was he who said in an address before the general committee representing the United Baptist church in Virginia: "I beg you will be persuaded that no one would be more zealous than myself to establish effectual barriers against the horrors of spiritual tyranny, and every species of religious persecution—For you, doubtless, remember that I have often expressed my sentiment that every man, conducting himself as a good citizen, and being accountable to God alone for his religious opinions, ought to be protected in worshipping the Deity according to the dictates of his own conscience."

(This is the first of a series of two special articles by Mrs. Whitehorn. Two more will follow in the next two issues of The Desert Sun).

## I Rise to Remark

Last week I had the unusual pleasure of being invited to a small meeting to hear a recently arrived Englishman talk about conditions in that country. He is going to California and probably can be secured for at least one talk in the 22nd District and if so, I hope you, who read this, will make every effort to hear him. His name is Cecil Palmer and he is the British publisher whose list of authors includes Shaw, Chesterton, Arnold Bennett, H. G. Wells, and many names well known in this country. He is giving his time to an effort to make us understand just what happens to a nation when national socialism creeps in. Don't miss him.

Sticking to figures and facts, his statements give us a serious thought. Here are a few. Great Britain bought the railways for \$4 billion, giving the stockholders, not cash, but 3% script, redeemable by the Railway Commission any time between July 1978 and July 1988. The Commission announced that the INCREASED revenue under government ownership would be \$260 millions a year; last November it was hinted that the increase would be only \$136 millions—actually the LOSS was \$112 millions. The trains are slower, the fares higher, the service poorer. The railway union is asking a wage increase of about \$2.50 per week. If granted, the additional cost will be \$18,000,000; if refused, there will be a transportation strike.

STEEL is the only great industry not nationalized. That bill is now before Parliament. It was said frankly in debate, that once steel was nationalized, the "citadel of capitalism" would have been captured. In 1938, before nationalization, COAL produced about 227 million pounds; steel

about 10 1/3 million tons. In 1948, coal had taken over, and was given a quota of 211 million pounds (less than 1938), while steel, still free, was given a quota of 40 1/2 million tons. The results: coal produced only 208 million pounds, steel produced 15 million tons. Coal prices are 145% higher than pre-war; steel prices only 7% higher. Coal, in its first year of government ownership, LOST \$44 millions, in spite of an increase in the number of workers from 718,000 to 726,000. Space limits me on other industries, but I want to mention socialized medicine. England went in with high hopes. Less than 300 doctors stayed out. Today, 2500 have joined an organization called Freedom in Medicine, to undo the nationalization of health. There are 57,310 vacant beds, due to inability to provide the necessary service. The service, such as it is, is costing the working people of England \$2,800,000 every week. Government services are obviously not free, either in England or America.

WORST of a whole list of changes is the changed relationship between doctor and patient. It is bad enough to make the doctor a servant of the state, but it must be understood that the intimate records of each patient's case, now become the property of local committees.

There was an encouraging note, Mr. Palmer told of speaking to the employees of an industrial plant recently where he wouldn't have been invited a year ago, or if invited, would have been badly heckled. He was invited back twice. Today, of the 1800 employees, union members, 800 now belong to an organization to bring back free enterprise to England.

I rise to remark: it is easier to keep the Republic, than to get it back.

## Dunkerley Tells Rotary of Vital Work of C. of C.

As featured speaker before a large Rotary meeting at the Desert Inn Wednesday, William J. Dunkerley, manager of the chamber of commerce, spoke on the history and importance of chamber work in the community. In what was termed a most interesting speech which was enthusiastically received, Dunkerley followed through with an informative insight into the chamber workings and future plans of the local body.

The large turnout was due to a great extent by the presence of 75 visiting Rotarians from all parts of the country, including Henning Wingardh from a club in Stockholm, Sweden, organized last year.

Five new members were inducted into the club with proper ceremonies administered by Dr. Henry Reid. Those newly-charged with the obligations of the organization were Dunkerley, Judge William H. Stute of Cathedral City (former judge in San Clemente), Frank Ewing of the Palm Springs Travel Service, Ed Nelissen, local accountant, and Don Peake, realtor.

Chairman of the day was Bob Bennett, also program chairman, who had to pinch-hit for George Clarke, unable to be present because of illness.

being done to crops, the fact that a few flakes of snow fell in Palm Springs got the headlines while the loss to citrus and vegetable men was relegated to a few paragraphs at the end of the story.

"People are certainly ignorant on some phases of the west," he said. "Several places I visited found my hosts commiserating with me when I told them I was going out to Palm Springs. 'What, with all of those swimming pools frozen over they asked me. . . I did quite a bit of clearing up the situation in a nice way, to set them right. . . I'm here and will be for several weeks. . . No place like Palm Springs. . . And that's what I told them. . . I was probably as big a bore in the past as you used to be on the ESP lounge cars when you rode them weekly and bragged about Palm Springs.'"

**FUNNY THING** about this weather. . . It's usual for the Village. . . But it also makes it tough to let the fingers briskly gallop over the keys. . . They want to stop and rest all of the time. . . Well, happy Spring fever to you, too.

where near last year's figure. . . Two new members of the board were elected—Ed Williams of Blythe, and Lyle Howell of Mecca.

Need of the public information on taxation was recognized by the directors of the Associates when it became known recently that a 60 per cent increase in assessed valuations of improvements is being effected this year by the county assessor. This is imperative under an equalization program, but it will force a sizable hike in taxes throughout the desert unless tax-revelling bodies can be prevailed upon to hold down expenditures to some-

line with his listening time around here, the gang reminds him by standing up and stomping."

From where I sit, that's a good system. Everyone has a right to his opinions—but others have a right to theirs, too—whether it's deciding between to sell or not to sell, apple pie or cherry pie, or a glass of mellow beer or cider. Life's more interesting that way, and hang it if you don't sometimes learn something!

## Bouquets Still Piling Up for School Operetta

By ANNE DETMER  
Smoke Signals Staff

The stage lights are dim, the costumes have been hung up, and the curtain has fallen after the 1949 high school operetta, "The Chocolate Soldier."

Bouquets are still being given to a splendid cast, who, by their skillful interpretation, were able to convey the complete meaning of the operetta to their appreciative audience. While we cannot soon forget those in the spotlights led so ably by Brownie Brown, as Nadina, Jimmy Dills, as the Chocolate Soldier, Tyler Gilman and Craig Hammond, as Alexius and Colonel Popoff, neither can we forget those who worked hard behind the scenes to make a finished production.

**FIRST AND FOREMOST** on my list are Alec and Wynne Hammond, directors of this operetta. The music, a credit to any production, was under the leadership of Gustave Patzner. Orchids also belong in the butonholes of Andrew Lester and his crew for the set decorations. John Schweindiman for designing the sets and the make-up job, John Weeks for stage lights, and Ralph Remy for managing the little thought of, but important, business end.

**MANY STUDENTS** helped make the operetta a success, but I think Frank Purcell deserves a large share of credit for his work on ticket sales. It was through his direction that, for the first time in Palm Springs operetta history, both the matinee and evening performances were completely sold out. Did you notice the programs? . . . The outstanding cover was drawn by Mary Louise Klug, and the assembling was Nicky Nichols' taste.

### Re-Zoning . . .

strict industrial zone provision of the state and county zoning laws factories and mills would be unable to house their workers within the zone and all dwellings, except those for a caretaker and superintendent, are prohibited.

Leaders of the desert opponents of the Guiberson move predicted that other supporters of the latest appeal by the oilman will desert his forces when they become aware of the stringency of the law. Spokesmen for the desert group pointed out in statements at the hearing that these nearby land owners may find themselves completely thwarted, should Guiberson succeed in creating the uncontrolled zone or even in construction of his cement plant by other methods. They predicted that operation of a cement plant there would render surrounding lands nearly useless for any other purpose.

**COUNTY PLANNER** Sues' counter proposal for the general area of the mouth of the San Geronimo Pass at Whitewater is based on the contention that the great majority of the land involved is watershed, recreational, and water spreading in nature, with a large percentage of it in wash areas.

Under this zoning industries such as the cement plant would be compelled to follow the normal procedure of the county planning act and request permits to operate.

Asked by Commissioner C. C. Coffey of West Riverside why the Guiberson forces had elected to seek the unrestricted industrial zoning instead of asking the permit to operate, Attorney William Shaw replied: "Well, there are two ways to go after this, and we just chose this one."

**HOWEVER**, his explanation seemed to make no impression on the commission members who appeared almost solidly against opposed to creating an unrestricted industrial area in the Whitewater area. It was disclosed that the commissioners will make a visit to the desert area on March 4 prior to the second hearing on the petition.

## Gifts for Customers

Village Market was the center last week of a nationwide publicity campaign which involves the giving away of a million or more lovely gift lockets to customers of Lever Brothers. John Taft, center, above, representative of Lever Brothers, makers of Swan soap, is shown presenting one of the lockets (which includes a photo of both Bob Hope and Doris Day) to Mrs. Vivian White and at right is Edward J. Haddon, manager of the grocery department of the Village Market. (Photo by Rex Cowan, Desert Sun.)

At Casa del Camino  
Winners of last week's Talent Court at the Plaza theatre were Miss Betty Mayfield and Miss Audrey Brown, who were both guests of Casa del Camino over the week end.

## City Manager At State Session

William Alworth, city manager, traveled north last week-end to participate in a meeting of the city managers of California at which they held several sessions to discuss problems confronting their own department in the various communities.

A total of 31 subjects were discussed as managerial problems, high lighted by arguments for and against such as sales tax, use tax, parking meters, possible combining of police and fire departments, retirement plans, keeping politics out of administration and others.

One of the most interesting items discussed was on the means of keeping in line with the majority of public desire in city administration. The subject of newspapers was bruited about considerably during this discussion, according to Alworth, with the final admittance being, "You can't beat the newspapers."

Alworth returned to his duties early this week with new slants on city management as a result of the meetings which he said were most informative and interesting.

From where I sit... by Joe Marsh

### How's Your Listening Time?

Buck Howell and I were in Balaville last week. Dropped in at Bob's diner where some friends were sitting around talking about whether to sell hogs now or wait.

Buck plunges right into the discussion. He's lecturing away when suddenly they all stand up and start stomping their feet like it was an Indian war dance.

I'm flabbergasted. But Buck only looked sheepish and explains, "Guess I was talking again, when I should've been listening. When a person's talking time gets out of

line with his listening time around here, the gang reminds him by standing up and stomping."

From where I sit, that's a good system. Everyone has a right to his opinions—but others have a right to theirs, too—whether it's deciding between to sell or not to sell, apple pie or cherry pie, or a glass of mellow beer or cider. Life's more interesting that way, and hang it if you don't sometimes learn something!
